Miss Drigg and Frederick W. De Martin Defeat Parental Opposition to Marriage.

Winsted, Conn.-Unknown to her parents Miss Edna B. Driggs, daughter of Mr. and Mrs. Frank Driggs, highly respected citizens of New Hartford. and Frederick W. De Martin, a drug clerk, also of New Hartford, furnished a cozy home in that village before they eloped by automobile to New Haven, where they were married by Rev. W. T. Hill, Methodist clergyman. Having returned from their wedding trip they are comfortably settled in their own home, although both have been forgiven by the bride's parents.

Because of family objections to the union the couple had promised to defer their marriage one month. At the end of that time the objections were seemingly as strong as ever, so they

How to avoid Operations

These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have terrible pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."

Mrs. Press. Resurve Marinette. Wis -Mrs. Fred Behnke, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia R. Pinkham's Vegetable Compound I was so run down said I would have to undergo an operation. I could hardly walk without help so when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."—Mrs. Thos. Dwyer, 989 Milwaukee Ave., East, Detroit, Mich.

-Mrs. Thos. Dwyer, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines that were recommended to me and none of them helped me until a friend advised me to give Lydia E. Pinkham's Vegetable Compound a trial. The first bottle helped, I kept taking it and now I don't know what it is to be sick any more and I am picking up in weight. I am 20 years old and weigh 145 pounds. It will be the greatest pleasure to me if I can have the opportunity to recommend it to any other suffering woman."—Miss Irene Froelicher, 1923 Manhattan St., North Side, Bellevue, Pa.
